## **Technical Advisory Committee**

### **REPORT OF MEETING**

**Tuesday, JANUARY 21, 2003**

**10:00 A. M.**

**CITY OF REDWOOD CITY**

Page 1

#### **1. INTRODUCTIONS AND REVISION TO AGENDA**

Self-Introductions were made and no revisions were made to the Agenda.

#### **2. PRESENTATIONS**

- A. Bob reported that the STOPPP and C/CAG priority position on the Re-Opening of our Permit for the proposed C. 3 Amendments is "No Mid-Term Opening of the Permit". We want to be treated the same as Santa Clara and Alameda and address these issues at the time of re-issuance of the Permit. The RWQCB Staff has called for four Stakeholder Workshops, the first of which was last Friday. The next three will be Fridays, Jan. 31<sup>st</sup>, Feb. 7<sup>th</sup> and Feb. 14<sup>th</sup> at the RWQCB office building, second floor, 1515 Clay Street, Oakland from 9:00 AM to Noon. After much discussion, it was concluded that we would hold a special TAC Work Group meeting on Tuesday, Jan. 28<sup>th</sup>, to draft a proposal to the RWQCB for consideration. The meeting will be at 1:30 PM in Foster City at a location to be announced. The Board has announced its intent to vote on this issue at their Feb. 19<sup>th</sup> Public Meeting.
- B. Fred discussed some of the activities of the last State Stormwater Task Force. It was reported that the "new" NPDES Fees established last fall most likely will be raised again, in addition to the full amount being currently charged, maybe 3 to 4 times. The intent is to fully fund the State Water Resources Board's and all the Regional Boards' activities through Permit Fees. The BMPs Handbook is about complete and should be available in February or March of this year.
- C. Bob announced that this is the appropriate time to hand in the First Half Deliverables. If they are not completed at this time, it is requested that they be completed and turned in to EOA, Inc. within a few weeks.
- D. Habte was not present, therefore there was no report.
- E.

#### **3. SUBCOMMITTEE REPORTS**

##### **PUBLIC INFORMATION/PARTICIPATION - BARBARA EBEL**

Barbara reported that PI/P did not meet this month. Community Grants applications have been received and eight grants will be proposed for approval at the next PI/P meeting, totaling \$15,000.

##### **COMMERCIAL/INDUSTRIAL AND ILLICIT DISCHARGE - CYNTHIA ROYER**

Cynthia reported that CI/I met and discussed the NPDES Permit Amendments as they relate to CI/I. She also announced the upcoming "Illicit Discharge Workshop", scheduled for March 25<sup>th</sup>. It will focus on agency staff's (Maintenance and Inspection) responsibility to identify and report what is perceived to be an illegal discharge into the Stormdrain system.

**JANUARY 21, 2003**  
**PAGE 2**

**NEW DEVELOPMENT – RAY HONAN**

Ray reported that New Development did not meet. The next meeting will be on February 4<sup>th</sup>.

**MUNICIPAL GOVERNMENT MAINTENANCE ACTIVITIES – MIKE MC ELLOGOTT**

Bob reported that the Public Works Maintenance Group met and discussed the proposed Masonry brochure. Vince Falzone, Burlingame, has agreed to Chair the Municipal Maintenance Group for 2003. The next meeting will be on March 19th at Noon, in a location to be announced.

**WATERSHED AND MONITORING – KEN ROBINSON**

Ken reported that the Dioxins Study has been cancelled and the San Pedro Creek Study and the PCBs Case Study will continue.
